Thank you to the Pluckemin Presbyterian Church for being a gracious neighbor who is always willing to lend a hand. Your hospitality is most appreciated, and we are grateful to part of your caring community.

A NOTE FROM OUR CEO

Tonight, you’ll hear inspiring and empowering stories shared by our members of our community - those diagnosed with cancer, loved ones, and caregivers.

Our voices have the power to heal - not just ourselves, but others who may be feeling alone in their journeys. When we are surrounded by people who genuinely understand, something transformative happens.

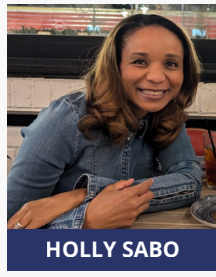

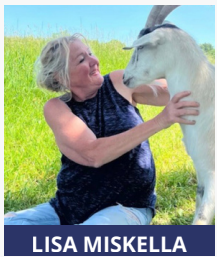

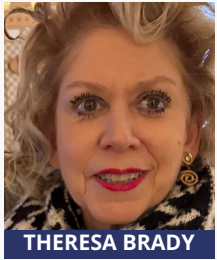

Thank you for being part of a community that offers connection, support, and hope. And thank you for joining us for **Our Cancer Stories**—a unique storytelling experience shaped by the lived experiences of our Crossroads4Hope community.

Together, we ensure that **no one** faces cancer alone.
